

FIG.3

FIG.3 is a schematic diagram of a system 1. The system includes a power source 2 connected to a network of resistors 30a. This network is linked to a control unit 20, which contains a microcontroller 21 and a sensor 22. The control unit 20 is connected to a set of three relays 23. Each relay 23 is associated with a solenoid 26a. The solenoids 26a are connected to a common ground 28. The entire system is housed within a main enclosure 3.
